Seed:

Following Brexit, new regulatory requirements apply to seed supplies imported into the UK which require testing at the point of entry, which may result in delays to Plant Raisers Limited receiving seed supplies used in the production of Produce. The Customer is strongly advised to ensure that seed supplies required for Produce production are ordered and dispatched to Plant Raisers Limited well in advance of the scheduled start of Produce production in order to minimise the prospect of resulting Produce production/delivery delays. Without limiting any of the other terms contained in its Terms & Conditions of Sale, Plant Raisers Limited will not be liable to the Customer for any delay or failure in scheduled production or delivery of Produce caused by delays in receipt of plant seed supplies as a result of the new regulatory requirements, whether such supplies are made by the Customer or by Plant Raisers Limited's own seed suppliers.
